MR JAMLECK MUTURI
CHAIRMAN
TEACHERS SERVICE COMMISSION
PRIVATE BAG
NAIROBI.

Dear Sir,

RE: REPORTED ALLEGED CORRUPTION ACTIVITIES.

Reference is kindly made to our letters of 23rd October 2023, 30th November 2023 and 25th January 2024, on the subject under reference.

The said letters brought to your attention in detail, alleged corruption activities, involved in the posting and transfer of teachers, to special needs Education programmes in Kisii County.

Prior to our letter of 25th January 2024, we were privy to rumour to the effect that, the syndicate involved in the said activities, intercepted our Letters of 23rd October 2023 and 30th November 2023, sent to your office via G4s. This happened at TSC Headquarters, Nairobi.

We subsequently, sent to you our Letter of 25th January 2024, via a varied strategy. We believe that, the strategy worked.

In early February 2024, a TSC team Investigators visited Kisii County including Kisii special school for the mentally handicapped. This is where the head of the Syndicate Kisii County, Mr Erick Osoro Matoke teaches.

Soon after, Mr Matoke advised his clients in various schools not to divulge their Mpesa Information to the TSC team.

It is over four months since the said team left Kisii.

A persistent and consistent rumour is doing rounds that said investigations have been corrupted. A rumour helped us reach you. We Cannot ignore this one.

Though Kisii special school got grossly overstaffed in 2023, three more teachers were recently transferred to that school.

The said corruption activities are glaringly prominent and topical.

We reiterate that our intention is clear, honest and done in good faith, based on verifiable observable and verifiable actions of your employees.

We, on this International whistle blowers day, implore you to look this entire matter With a tooth comb.

Yours Truly
